400瓦/600瓦 龙门式激光切割机

400w/600w Gantry Type Laser Cutting Machine

技术参数 Technical Parameters

型号Model No.	GR-ADW-LC400/600
工作台尺寸Working Area	1225mm x 2440mm
光路形式 Laser Line Path	恒定光路 Laser head moves left and right, the table moves forward and backward.
切割材料Cutting Material	6-25mm木板, 亚克力和3mm以内碳钢; 6-25mm plywood, Acrylics and less than 3mm steel.
冷却方式Cooling Type	无杂质纯净水 Water Cooling (Pure Water)
支持文件格式 Support format	CAD; PLT; CDR; AI
电压Power Supply	单相Single Phase 220V, 50/60Hz
总功率 Total Power	5KW
机器重量Weight	1800kg
机器尺寸Dimension	5000*2100*1650mm (LxWxH)
海关编码HS Code	8456110090

机器特点 Features

- 1.恒光路设计;提高稳定性的同时, 保证整板切缝均匀, 装刀更简单;
- 2.操作简单;自动调节刀缝, 想要切割不同的刀缝, 只需要再系统上选择相应的刀缝自动调节, 并且切割软件与CAD, CDR, AI均可兼容;
- 3.超长耐用, 机器采用原装进口的导轨, 精密滚珠丝杆等主要配件, 保证机器的寿命更长。
- 4.应用范围广;可以切割6-25MM刀模板, 胶板, 亚克力和3mm以内碳钢(需要氧气)。

- 1.Constant optical path, improve the stability, and ensure the cutting gap uniform, more simple to install rule.
- 2.Easy operation; Automatic adjustment of cutting gap, 1pt, 2pt, 3pt, 4pt cutting once time. The machine software is compatible with CAD, CDR and AI.
- 3.High quality of imported guide rail, precision ball screw and other main accessories to ensure the longer life of the machine using.
- 4.Wide application: 6-25mm plywood, acrylic, and less than 3mm steel (Need oxygen) .
